

Rinnai

Rinnai Portable Gas Convector Heaters

Portable Gas Convectors are a highly efficient and flexible home heating solution. They are not only economical to run, but require no installation and can be stored away when not used.

Rinnai Convectors use the latest gas burner technology to give you the cleanest portable heating for your home. So clean in fact, that our portable convection heaters produce less than half the emissions of the Australian Standard.

Range benefits at a glance

- Sleek contemporary design to suit any home
- Fully thermostatic for convenient set'n'forget operation
- Easy to use advanced controls
- Remote Control featuring On/Off function and temperature control (except Enduro 13)
- Low Emission Technology – check individual labels on each product (the more stars the better)
- Economy Mode that gradually reduces the heat setting once the room has maintained the set temperature for 1 hour. Saves gas and saves money!

Experience Our Innovation

Additional Features

Avenger 25Plus & Capella 18Plus

- 2.0 kW Electric Boost of heat from an electric element for quick heat up and for use in rooms without a gas point
- Weekday & Weekend Dual Timers. Program On/Off times for both mornings and evenings with additional settings just for weekends

Avenger 25 & Dynamo 15

- Dual Programmable Timers. Separate morning and evening timers that offer the convenience of fully automatic operation

Enduro 13

- Both ON and OFF Countdown Timers. Manually activated to program the time you want your heater to turn on or off

Capella 18Plus in Silver
