# Product Details

## Benefits

### ThermiCAir™

The ThermiCAir™ circulates hot air evenly throughout the interior, heating up the oven faster and reducing cooking temperatures by up to 20%, saving you both time and energy.

### OptiFlex™ telescopic runners

These specially designed shelf runners are shaped to make it easier to select and adjust the cooking level you require.

### MaxiView™ Enlarged Window

The enlarged window on the door is 20% larger than previous models, so now you can see exactly what's happening throughout the entire cooking process.

### IsoFront™ Cool Door

The multi-layered glass panes with reflective coating keep the heat in the oven, while the outside of the door remains cool to touch.
